Memorial Healthcare System
Joe DiMaggio Children's Hospital AT MEMORIAL

Physician Opportunities in South Florida

Memorial Healthcare System is Seeking to Fill Two Positions:

Sports Medicine Physiatry

Memorial Healthcare System is seeking a BE/BC Sports Medicine Physiatrist to join a sub-specialized and expanding group of six physiatrists at the Memorial Rehabilitation Institute. Inpatient coverage and call is required. The candidate will have the support of the Memorial Level I Trauma Center, the Memorial Cancer Institute, the Memorial Cardiac and Vascular Institute and the Memorial Neuroscience Institute, which includes a Neuroscience ICU and Comprehensive Stroke Center.

Medical Director, Pediatric Physical Medicine and Rehabilitation

Joe DiMaggio Children's Hospital is seeking an energetic and collegial individual to lead an established pediatric physiatry team in both an inpatient and outpatient setting. The ideal candidate will have a strong interest in program development, a broad base of clinical knowledge and particular interest/expertise in developmental pediatrics, spasticity and neuromuscular conditions.

These are full-time employed positions with the multi-specialty Memorial Physician Group. These positions offer competitive benefits and a compensation package that is commensurate with training and experience. Professional malpractice and medical liability are covered under sovereign immunity.

To see full job descriptions or to submit your CV for consideration, please visit memorialphysician.com. Additional information about Memorial Healthcare System can be found at mhs.net.

IT ALL HAPPENS here

Carilion Clinic, a physician-led, multi-specialty clinic of 680+ physicians located in gorgeous Roanoke, Va., is searching for BE/BC Physiatrists to join our growing practice. We are looking for physicians to join a rapidly growing health system. Opportunities for both inpatient and outpatient are available. Goal of shared call 1:6 with overnight call coverage from home.

Interest in spasticity and orthotics and prosthetics is a plus including expertise in EMGs and musculoskeletal medicine. Access to ultrasound is available. Interventional skills and pain/sports medicine fellowship preferred but not required. In the outpatient setting, you will work with two PM&R providers and our outstanding team of certified rehab nurses in a collegial atmosphere.

For the inpatient position, you will provide assistance with consults at Carilion Roanoke Memorial Hospital, a 700+ bed academic/tertiary referral center with Level 1 Trauma Center that serves one million people throughout southwest Virginia. Additional responsibilities will include coverage of our 34 private bed inpatient rehabilitation facility located in Carilion Roanoke Community Hospital.

For additional information, contact Amy Silcox, physician recruiter, 800-856-5206 or amsilcox@carilionclinic.org. You can meet Amy at the AAPM&R Annual Meeting in New Orleans, East Section, on October 19, 2016.

Lehigh Valley Health Network

A PASSION FOR BETTER MEDICINE.

SEEKING PHYSIATRISTS FOR INPATIENT REHABILITATION & OUTPATIENT SPORTS/SPINE/EMG OPPORTUNITIES

Lehigh Valley Health Network (LVHN) is seeking BC/BE physiatrists with inpatient rehabilitation and outpatient sports/spine/EMG experience and/or interest. Successful candidates will join a team of network-employed physiatrists who enjoy a comprehensive practice that includes involvement with the acute inpatient rehabilitation unit and/or outpatient care involved in the treatment of sports medicine and interventional spine care. LVHN opened its first IRF in July 2015 on the hospital's main campus and is currently building a second IRF just 13 miles away on the network's Bethlehem, PA campus. The new unit is scheduled to open in July 2017. There is also an opportunity to expand the outpatient sports medicine and spine service lines to work in collaboration with the network's orthopedic surgery group and in partnership with the network's Advanced Spine Center. We are seeking physiatrists to staff both of these facilities**. Plus, we are searching for a Medical Director for the new inpatient rehabilitation unit.** We offer the benefits of network employment, excellent benefits and the resources of a large network to foster professional development and mentorship.

- **988 bed regional referral center with 13,000 employees**
- **Level 1 trauma center**
- **JCAHO certified stroke center**
- **Nationally recognized cardiovascular program**
- **Rated one of America's Best Hospitals by U.S. News and World Report for 20 consecutive years**
- **Physicians eligible for faculty appointment at the University of South Florida, the hospital's academic affiliate**
- **Lehigh Valley Health Network (LVHN) Cancer Institute is now a formal member of the Memorial Sloan Kettering (MSK) Cancer Alliance**

The Lehigh Valley is located in Pennsylvania, just one hour north of Philadelphia and 1.5 hours west of NYC. The area can be described as a blend of suburbia and metropolitan sophistication. There are affordable neighborhoods, great public schools, 10 colleges, museums, festivals, sporting arenas and events, plus many cultural and recreational things to do all year long. For more information, go to www.discoverlehighvalley.com

Please call Pam Adams, LVHN Physician Recruiter at 484-862-3202 or send your CV to Pamela.Adams@LVHN.org

BC/BE Physiatrists

Ochsner Health System

Ochsner Health System in New Orleans is searching for BC/BE PHYSIATRISTS to join our established inpatient rehabilitation practice. Candidates with experience or directly from fellowship are welcomed to apply.

Details of the Position:

- Commitment to inpatient rehabilitation with potential to assume administrative responsibility of the inpatient unit
- Maintain a balanced inpatient and outpatient practice with ample opportunities in our growing outpatient PM&R clinic practice including neurorehabilitation, general musculoskeletal, and non-surgical pain management clinics, among others
- Closely involved in the education and training of residents and medical students

Ochsner Rehabilitation specializes in neurological and musculoskeletal rehabilitation in both inpatient and outpatient settings. The Department of PM&R is a service line with an integral collaborative approach to our Neuroscience Institute, a Center of Excellence. Areas of expertise include gait disorders, spasticity, stroke, spinal cord injury, neurological disease and head injury. The inpatient rehabilitation facility is certified by CARF in general rehabilitation and has a specialty CARF certification in the area of stroke recovery. Currently, we have 28-beds, with plans to expand to 60-beds in the near future.

Ochsner Health System is Southeast Louisiana's largest non-profit, academic, multi-specialty, healthcare delivery system with 28 owned, managed and affiliated hospitals and more than 60 health centers. Ochsner is the only Louisiana hospital recognized by *US News & World Report* as a "Best Hospital" across 3 specialty categories. We employ more than 1,000 physicians in over 90 medical specialties and subspecialties and conduct over 1,000 clinical research studies. Our medical school, the Ochsner Clinical School, in partnership with the University of Queensland in Australia, enrolls 130 medical students each year.

Please visit our booths and meet our physician recruiters at the 2016 AAPM&R Job Fair and Annual Assembly!

- **AAPM&R Job Fair Booth 203: Hilton Riverside, October 19, 6:30 to 9:00 pm**

- Opportunity to work closely with orthopedic surgery, neurosurgery, and interventional pain management
- No weekends, holidays, or call

Zanesville is home to two four-year colleges. Located less than one hour east of Columbus via Interstate-70, this family-friendly region offers the perfect work-life balance of suburban and rural settings with easy accessibility to international airports, national/college sports events, and a wide range of additional arts/culture activities in Columbus, Cleveland, Cincinnati, or Pittsburgh.

Genesis is an integrated health care delivery system headquartered in Zanesville, Ohio, which includes a completely renovated and recently expanded, 260-bed acute-care, not-for-profit hospital, 2,800 employees, an extensive network of 300 physicians representing most specialties, and multiple outpatient care centers throughout its six-county region.

The ideal candidate will be board certified by the ABPMR or have a plan in place to sit for boards. The candidate must be eligible for an unrestricted DEA and unencumbered medical license to practice in Ohio, and a team player with excellent communication and interpersonal skills who shares our patient-centric philosophy. Benefits include relocation allowance, signing bonus and financial incentives based on score initiatives, student loan assistance, comprehensive benefits, including medical/vision/dental, plus retirement options. Review of applicants will begin immediately and continue until the position is filled.

PEDIATRIC search partners

Valley Children's HEALTHCARE

BC/BE Pediatric Physical Medicine + Rehabilitation

We're seeking a physician who is BC/BE in Pediatric Physical Medicine & Rehabilitation to join the team at Valley Children's Healthcare in Madera, including one of the nation's largest free-standing children's hospitals. This is an exciting opportunity to join Dr. Jennifer Crocker and a team of physical therapists, occupational therapists, rehabilitation nurses, neuropsychologists, social workers, speech-language pathologists and clinical dieticians who provide incredible care in a warm, welcoming environment.

At Valley Children's main campus, you'll love working at a stunning, state-of-the-art, 358-bed facility that offers a 20-bed Pediatric Rehabilitation Center and sits on a 50-acre campus on the idyllic bluffs of the San Joaquin River, with the Sierra Nevada Mountains as your backdrop.

Situated in the center of one of California's most stunning geographic areas, Valley Children's Hospital (formerly Children's Hospital Central California) is a Level II Pediatric Trauma Center and treats more inpatient cases than any pediatric hospital north of San Diego, making it the second largest Children's hospital in the state. A Magnet Nursing facility, Valley Children's offers an excellent support staff along with a busy, growing practice that offers an excellent compensation package.

Located very near the center of the state, you'll enjoy an exceptional quality of life. Residents have the unparalleled opportunity to live within one to three hours of the magnificent Pacific coast, the mountains and the San Francisco, San Jose and Los Angeles metropolitan areas. Sonoma and Napa counties and Lake Tahoe all are within a four-hour drive. Outdoor enthusiasts will enjoy living in the only city in the nation to have not just one, but three National Parks (Yosemite, King's Canyon and Sequoia) right in your own backyard. Whether you prefer the snow, the sun or the sand, it's all within your reach. And with so much varied geography, you'll also find hiking and biking trails, kayaking, fishing, local wineries, farm stands and festivals, gourmet cuisine, and that's only the tip of the iceberg. Another perk: The area is very affordable, and it boasts award-winning schools, making it the perfect choice for families.

If you're looking for an opportunity that offers a fantastic lifestyle both inside and outside of work, this is it!

For complete details and consideration, please visit us at the AAPM&R Job Fair in New Orleans on October 19th – Booth 813 or contact:

Ochsner Hospital For Children

Pediatric Physiatrist – New Orleans

We're seeking Board Eligible/Board Certified Pediatric Physiatrists for Ochsner Hospital for Children in New Orleans, Louisiana. The Section of Pediatric Physical Medicine and Rehabilitation is dedicated to supporting the development of children with physical disabilities from birth to 18 years of age. The focus of pediatric rehabilitative care at Ochsner is to optimize the physical, cognitive and social function of these young patients to their highest possible level – with the ultimate goal being functional independence.

This is an exciting opportunity to join Ochsner Hospital for Children's rapidly growing team of over 120 physicians, including pediatric subspecialists, and a full spectrum of pediatric medical and surgical subspecialty teams. The group is the region's leading integrated provider of multispecialty care for infants, children, adolescents, and young adults offering a full range of pediatric services, including solid organ transplantation and pediatric cardiovascular surgery. The current facilities include a 52-bed Level III-C NICU, a 14-bed PICU, and a 35-bed General Pediatric Unit.

Located in one of our most vibrant cultural cities, this nonprofit, academic, multi-specialty institution is the recipient of numerous awards, including Healthgrades' Distinguished Hospitals for Clinical Excellence, which places Ochsner in the top 5 percent of U.S. hospitals for clinical outcomes. Ochsner also has a combined residency program with Tulane University Medical School. Medical students from Tulane and the University of Queensland/Ochsner Clinical School rotate through the division. The successful candidate will be eligible for an academic appointment commensurate with experience.

The appeal of living in New Orleans is absolutely undeniable. The city exudes a character all its own and residents have a passionate attitude to life. New Orleans is an unparalleled blend of cultures. Regarded as a city of neighborhoods, New Orleans is best traveled by foot, but you can also hop on one of the city's historic streetcars or join the growing legion of commuters by bicycle. NOLA's neighborhoods each have a distinct architectural flavor and include everything from traditional Antebellum style to historic bungalows and cottages to modern lofts. Professional sports, gorgeous city parks, year-round festivals, prestigious academic centers and universities, and Southern hospitality are only the beginning. The local economy is diverse, with oil and gas, tourism, shipbuilding and aerospace among the top industries, along with health care and education; several world-class colleges and universities are situated here. If you're craving the beach, the Gulf Shores of Alabama are about two and a half hours away by car; and the white sands of Pensacola, Florida, are just three hours away. It's easy to understand why residents take great pride in calling New Orleans their home.

For complete details and consideration, please visit us at the AAPM&R Job Fair in New Orleans on October 19th – Booth 813 or contact:
