Let's Advance Together!

Upon your residency graduation, there is so much to do and never enough time to get it all done. That's where we come in. We spoke with residents and early-career physiatrists to understand the challenges you face and the resources you need to successfully transition into practice.

Continue your AAPM&R membership in 2022 and beyond to receive access to the valuable resources that will help you advance your career. You'll be rewarded along the way!
