

Lisa U. Pascual, MD, FAAPMR

Position on Slate: Member-at-Large of the Nominating Committee

**Tell members a little bit about yourself.**

**Your practice:**

I'm Chief, Rehabilitation Services at the Zuckerberg San Francisco General Hospital and Trauma Center (ZSFG), which is a Level 1 Trauma Center. I handle inpatient and outpatient consults, and I'm interested in SCI, TBI, CVA, amputee care, and polytrauma. I'm Chief, Rehabilitation Services at Laguna Honda Hospital and Rehabilitation Center, a 780-bed Skilled Nursing Facility, focused on acute rehabilitation. I'm also Chief, Physical Medicine and Rehabilitation Clinical Professor, Department of Orthopaedic Surgery University of California, San Francisco.

**Your life outside of work**

I'm a mom of 2 adult children, with 1 undergraduate and 1 graduate school tuition (dual physician parents working hard to keep up with this!). I like to cook, am a foodie and a dog lover.

**What accomplishments/honors are you particularly proud of that you would like to share with members?**

I worked to establish the first organized PM&R Faculty entity at UCSF as well as the first PM&R rotation (resident and medical student) at UCSF.

**What have you advanced in your local community outside of or in conjunction with your medical practice?**

I established the Functional Limb Service at ZSFG for patients at risk for or who have experienced limb loss. This included formation of an Amputee Support Group and production of an open-source video tutorial series for amputees.

**What special skills or unique attributes do you bring to the Nominating Committee?**

Hopefully a fairly varied clinical experience that spans from the ICU to post-acute care (acute rehab, SNF and outpatient).

**What do you look forward to in your service on the Nominating Committee?**

Learning more about the Academy and meeting colleagues from a variety of practice settings.
