- ✓ New! Advanced Clinical Focus days in 2024 will highlight advanced themes in specific clinical areas including pain and spine, pediatrics, cancer rehabilitation, inpatient rehabilitation, MSK and neurorehabilitation.
- ✓ New! Our PM&R Pavilion will be THE place to meet with colleagues and friends. Check out our new cafe and lounge with all-day coffee and snacks.

Our Program Planning Committee is hard at work on this “must-attend” event. Mark your calendar and watch aapmr.org/2024 for more information as it becomes available.
