

Get in STEP and Advance Your Career

AAPM&R's STEP Certificate Programs are designed by physiatrists, for physiatrists. These multi-tiered training programs teach and assess important physiatric skills using a progressive, competency-based curriculum with assessments being used throughout the process to confirm intended learning outcomes. Participants move through a series of steps, completing each component through a combination of online and live learning formats, with real-time feedback provided on strengths and weaknesses. Participants who complete all of the required steps will earn a Certificate of Completion, proving they have the knowledge and skills necessary to perform in the given topic or skill.

When you earn a STEP Program Certificate, you:

- ✓ Represent the highest standard in the field
- ✓ Communicate a commitment to patient care and safety
- ✓ Enhance your career opportunities
- ✓ Gain visibility and credibility in the field
- ✓ Reassure patients and employers that you are committed to excellence

Currently, the Academy offers three certificate programs under the STEP umbrella:

STEP 2: NEXT STEP INTERVENTIONAL ULTRASOUND COURSE:

August 9-10, 2024 - Downers Grove, IL

STEP 1: ULTRASOUND CLINICAL APPLICATIONS OF THE EXTREMITIES COURSE:

November 2024 - San Diego, CA

Presenting ultrasound education at its best! This multi-tiered training program is taught by top ultrasound experts in physiatry and assesses MSK and neurologic ultrasound skills using a progressive, competency-based curriculum.

STEP 2: INTERVENTIONAL SPASTICITY MANAGEMENT APPLICATIONS COURSE:

April 26-27, 2024 - Rosemont, IL

The STEP Interventional Spasticity Certificate Program will guide physiatrists through the fundamentals of spasticity diagnosis and interventional treatment options through online learning components, a live course and an in-person skills assessment.

STEP 2: LIVE COURSE AND STEP 3: ASSESSMENT

March 15-17, 2024, in the Chicagoland area and November 2024 in San Diego, CA

New for 2023, this multi-tiered training program will teach and evaluate concussion management using a progressive, competency-based curriculum through both online and in-person class formats.

Each STEP Certificate Program offers *AMA PRA Category 1 Credits™*. Explore your desired program and register today at aapm.org/step.
