The AAPM&R Annual Assembly is physiatry’s premier educational and networking event. This year, the Academy is planning two exceptional experiences so that ALL physiatrists can be a part of the Annual Assembly, whether attending IN-PERSON or VIRTUALLY. Join us November 11-14 in Nashville, TN and online, where we’ll be Reimagining Our Future Through Technology and Science.

AAPM&R members save hundreds on Annual Assembly registration rates. Register before September 15 for early-bird discounts!

aapmr.org/2021
We hope that you will join us for physiatry’s premier annual meeting—the 2021 Annual Assembly (AA). We recognize the clinical, practice and institutional challenges that you may still be facing in light of the continuing pandemic, and we want to support you by convening our PM&R community for a truly unique conference experience.

Our theme for 2021 is Reimagining Our Future Through Technology and Science. It is truly fitting, as we are reimagining virtually every aspect of our personal and professional lives because of the pandemic. Assembly content will address these changes and provide actionable solutions to equip physiatrists for success. We also expect that you will take away a better understanding of how science and technology can combine to advance our specialty now and into the future.

This year, the Academy is planning two exceptional experiences so that ALL physiatrists can be part of the Assembly. We are reimagining the Assembly with both in-person and virtual options so you can customize your event experience. No matter how you attend, rest assured you will receive all the great education, valuable networking, cutting-edge research and enjoyment that you have come to expect from AAPM&R’s Annual Assembly.

The AA program includes in-person, live-stream and on-demand presentations, exhibits, research posters, Job and Fellowship Fair, in-person Skills Labs and pre-conference courses, networking events and other exciting ways to participate. The 2021 Assembly offers 70+ clinical and practice symposia (20 of which will be live-streamed), divided into various clinical and practice themes so you can customize your educational experience with topics that are most important to you. Plus, access to all recorded and on-demand sessions is included with your registration, whether you choose to join us in-person or virtually. You will have the opportunity to earn more than 100 CME credits!

I encourage you to read on to appreciate everything that awaits you. If you have not attended an Annual Assembly in a while, this is a unique opportunity for you to re-connect with your PM&R community and enjoy a truly memorable conference experience. If you are a returning attendee, we are looking forward to seeing you again this year, in Nashville or online!
ROAD TO NASHVILLE

Register now because the fun starts earlier than ever before! We are offering a variety of virtual programs and activities for all registrants in the weeks leading up to the in-person event in Nashville. Mark your calendars for these exciting, real-time, interactive events!

**Medical Student Program**
- Thursday, August 12 from 5 pm-8 pm (CT)
  
  Our virtual experience kicks off with the Medical Student Program, where students can explore the growing field of physiatry. Participants will hear from attendings about the diverse practice environments within the specialty, see PM&R procedures and demonstrations and connect with their peers. The program is FREE to all medical students who are AAPM&R members. Watch for more details coming soon!

**Residency Fair**
- Tuesday, August 17 from 5 pm-8 pm (CT)
- Thursday, August 19 from 5 pm-8 pm (CT)
  
  Medical students, mark your calendars! AAPM&R is hosting one virtual residency fair on two dates this year. You’ll be able to register to attend one or both fairs – whichever is most convenient for you – browse participating programs and book meetings with representatives ahead of time. Keep an eye out for details, coming soon!

**Pre-Conference Courses**
- IN-PERSON in NASHVILLE
  
  **TUESDAY, NOVEMBER 9**
  8 am-5 pm (CT)
  
  **WEDNESDAY, NOVEMBER 10**
  8 am-5 pm (CT)
  
  Education takes center stage at #AAPMR21 and it all starts with our pre-conference sessions in-person in Nashville—Next Step Interventional Ultrasound: Hands-on PM&R Applications and Interventional Spasticity Management Applications. You must be enrolled in the AAPM&R STEP Certificate Programs and/or have completed STEP pre-requisite components to attend these courses. Go to aapmr.org/step for more information.

**Community Sessions**
- October 11-15; Monday-Thursday
  
  9 am-9 pm (CT), Friday 9 am-5 pm (CT)
  
  We’re hosting more than 30 virtual Community Sessions throughout October so you can connect and collaborate with your peers. Participate in sessions created by community leaders to address your community’s unique needs and challenges. See pages 12-13 for a complete list of Community Sessions.

**Quiz Bowl Qualifying Rounds**
- ROUND 1: Tuesday, September 21 at 7 pm (CT)
- ROUND 2: Tuesday, October 12 at 7 pm (CT)
- FINAL ROUND: LIVE-STREAMED FROM NASHVILLE
  November 12 at 5 pm (CT)
  
  Residents, get ready for our Quiz Bowl Qualifying Rounds. Test your PM&R knowledge and compete with other residency programs online. The final two teams standing will then compete in-person in Nashville on Friday, November 12 at 5 pm (CT) for bragging rights. Plans are still in the works, we’ll reach out to you soon with all the details.

# AAPMR21 — PRE-ASSEMBLY EVENTS
Physiatry’s Event of the Year!
This year, the Academy is planning two exceptional experiences so that ALL physiatrists can be part of the Assembly. We are reimagining the Assembly with both in-person and virtual options, so you can customize your event experience. No matter how you attend, rest assured you will receive all the great education, valuable networking, cutting-edge research and fun that you have come to expect from AAPM&R’s Annual Assembly.

In-Person in Nashville

Nothing can replace the in-person event experience—the excitement of getting ready for a show, traveling to a destination city, meeting peers face-to-face, attending educational sessions tailored to your needs—not to mention all the great networking. Now, as COVID-19 restrictions ease, we are once again able to host an in-person Annual Assembly. We can’t wait for you to join us in Nashville, November 11-14 where we’ll be Reimagining Our Future Through Technology and Science. The safety of our attendees, staff and local Nashville community remain our top priority. We are actively monitoring and following guidance from local health officials and national mandates to implement appropriate safety measures in Nashville. Further details and information are available at aapmr.org/assembly-faq.

Virtually, from Anywhere

The nature of events has changed. In 2020, organizations across the globe transformed their in-person events into engaging virtual experiences. The Academy was no exception; however, despite some challenges, we flourished in the virtual event space. Our 2020 virtual Assembly broke attendance records and we’re poised to do it again for 2021! We’ve designed the virtual experience to be engaging and interactive so that all attendees—in-person or virtual—get a full Annual Assembly experience. Our virtual program offers the flexibility to participate from anywhere, anytime. Enjoy 24/7 access to the best educational content, inspirational physiatry-focused stories with the PM&R community. Nothing can replace the in-person event experience—the excitement of getting ready for a show, traveling to a destination city, meeting peers face-to-face, attending educational sessions tailored to your needs—not to mention all the great networking. Now, as COVID-19 restrictions ease, we are once again able to host an in-person Annual Assembly. We can’t wait for you to join us in Nashville, November 11-14 where we’ll be Reimagining Our Future Through Technology and Science. The safety of our attendees, staff and local Nashville community remain our top priority. We are actively monitoring and following guidance from local health officials and national mandates to implement appropriate safety measures in Nashville. Further details and information are available at aapmr.org/assembly-faq.

All educational sessions, registration, scientific posters and the PM&R Pavilion will be held at the:
Music City Center
201 Rep. John Lewis Way South
Nashville, TN 37203

REGISTER BEFORE SEPTEMBER 15 to receive early-bird registration discounts and lock in your reservation before in-person spaces fill up.

Continue reading to check out our offerings and start planning your Assembly experience.

Plenary Sessions

Four in-person plenary sessions will be live-streamed from Nashville, where thought-leaders will share their insights on how they’ve overcome adversity to leave a lasting impact on their respective fields. Don’t forget about your peer presenters on Sunday! Hear our PhyzTalks finalists who will share their compelling and inspirational physiatry-focused stories with the PM&R community.

Thursday, November 11, 11 am-12:30 pm (CT)
Opening Plenary and Presidential Address
Stuart M. Weinstein, MD, FAAPMR and Erik Antonsen, MD, PhD, FAAEM, FACEP
Dr. Antonsen will discuss how the effects on human health and function from deep space travel can inform and enhance physiatric care on Earth.

Friday, November 12, 3:45 pm-4:45 pm (CT)
Plenary Session, Ayanna Howard, PhD
Dr. Howard will discuss her career in robotic science, and how robotic technology can be incorporated into rehabilitation to enhance functional outcomes.

Saturday, November 13, 12:30 pm-1:30 pm (CT)
S3rd Walter J. Zeiter Lecture and Awards Video Presentation
Julie K. Silver, MD, FAAPMR
Dr. Silver will address patient care and workforce disparities.

Sunday, November 14, 8 am-10 am (CT)
Brunch and Closing Plenary Session: PhyzTalks Finalists
Skills Labs
registration and additional fees are not required.

a blend of didactic and hands-on learning. Choose from 10
These three-hour immersive educational experiences offer
*20 symposia will also be live-streamed virtually.
HANDS-ON AND
DEMONSTRATION EXPERIENCES
Skills Labs are available once again in-person for 2021!
Enjoy 60 clinical and practice symposia in addition to
four plenary sessions, broken into various clinical and
practice themes so you can customize your educational
experience with what’s most important to you. Can’t
attend all the sessions? No worries—they’ll be recorded
for future viewing and available to all registered attendees
with the opportunity to earn more than 100 CME credits.
*20 symposia will also be live-streamed virtually.

RESEARCH AND TECHNOLOGY
Research Hub
The Annual Assembly is the place to hear first-hand the
important trends and research from recognized industry
professionals, peers and experts—in-person in Nashville.
Tour our Research Hub, located in the PM&R Pavilion,
and discover all the highest quality PM&R research. You will
be able to tailor your research experience by viewing live
“best of” poster presentations, reviewing all posters
through video kiosks at your leisure and hearing pre-
recorded audio presentations online.
*Posters and pre-recorded presentations also available virtually.

PM&R Pavilion
AAPM&R’s Annual Assembly brings in the exhibitors
that you want to meet, and they are happy to see you
again in-person in the PM&R Pavilion. Explore exhibiting
organizations and learn about the cutting-edge products,
services and solutions they offer to enhance patient
care and your practice. See pharmaceutical, device and
technology companies, publishers, institutions and more—
all on our massive show floor! Visit aapmr.org/2021 to
view the floor plan and a complete list of exhibitors.
*Virtual exhibit hall also available.

Continue Learning All Winter Long—
Your Assembly “Encore”
All registrants will have access to all recorded and
on-demand Assembly sessions included with their
registration, with the chance to earn more than 100 AMA PRA Category 1 Credits.*1

FOR YOUR CAREER
Career Corner
Visit the Career Corner in the Learning Center to learn more
about the Academy’s career development resources. Attendees
who are in Nashville will be able to meet representatives and
staff who will help answer your career-related questions and
provide advice about navigating all aspects of the specialty.
We’ll also be offering CV review appointments. All sessions
are meant to be casual, interactive and informative. Advanced
registration and additional fees are not required. Watch for more
details as we get closer to the event.
*Also available virtually.

AaPM&R’s In-Person Job and Fellowship Fair
Wednesday, November 10 from 6:30 pm-9 pm (CT)
Looking for your dream job? Interested in available opportunities? Join us for AAPM&R’s Job and Fellowship Fair—the largest PM&R-specific career fair. Meet with representatives from institutions and practices across the country. Build new professional networks, get and give advice and find your future position or fellowship opportunity.
*Virtual Job and Fellowship Fair held separately.

NETWORKING AND FUN
President’s Reception—
PM&R Block Party
Friday, November 12 from 6:30 pm-8 pm (CT)
Street-side, between the Music City Center and Omni Nashville!
This year, we’re shutting down the streets to top off your week in Music City! Reconnect and celebrate with your
friends and colleagues at an exclusive block party, right
in the heart of downtown Nashville. Take in live, musical entertainment that has made Nashville famous, and enjoy
drinks and appetizers before heading out on the town.
This outdoor reception, planned just for Annual Assembly attendees, will allow everyone to gather safely and
comfortably; however, the venue is dependent on weather and tickets will not be refundable after the event.
Tickets are $40 for attendees and non-attendee guests. Children under age three are free.

Community Networking
After participating in our live virtual Community Sessions
throughout October, connect with your Member Communities in Nashville, where we’ll host in-person
networking sessions the morning of Thursday, November 11.
A complete list of Community Sessions is available on pages 12-13.

See page 25 for pricing and registration information. Visit aapmr.org/2021 for the most up-to-date information
on the in-person Assembly experience. For safety updates and more, read our FAQs at aapmr.org/assembly-faq.
#aapmr21—VIRTUALLY, FROM ANYWHERE
Physiatry’s Virtual Event of the Year!

TOP-NOTCH EDUCATION

Plenary Sessions
Join all of your colleagues in attendance during four plenary sessions, in which all attendees—in-person or virtual—will come together to hear PM&R thought leaders share their insights. Read more on page 7 or visit aapmr.org/plenary.
*Also included for in-person registrants.

Clinical and Practice Symposia
As part of your virtual event experience, enjoy 20 live-streamed and 10+ pre-recorded clinical and practice symposia, broken into various themes so you can customize your educational experience with what’s most important to you. All sessions will be recorded for future viewing and available to all registered attendees with the opportunity to earn more than 100 CME credits.
*Also included for in-person registrants.

RESEARCH AND TECHNOLOGY

Research Hub
The virtual experience will allow you to view and hear first-hand the important trends and research from recognized professionals, peers and experts. Posters will be available online to view at any time along with pre-recorded audio. When touring the virtual Research Hub, you will be able to see and hear what research is taking place within the field of PM&R.
*Also included for in-person registrants.

PM&R Pavilion and Sponsored Content
Get the virtual scoop on all the latest and greatest PM&R technologies in the interactive PM&R Pavilion. Companies will be sharing content through various channels in the online platform. You’ll be able to view videos, attend sessions and download information. Check aapmr.org/2021 for details!
*Also included for in-person registrants.

Next Steps for #AAPMR21 Virtual Registrants
Registered virtual attendees will receive participation instructions closer to the Assembly. In the meantime, your Academy will be sending updates, highlights and tips to maximize your virtual experience!
Be sure to mark your calendar for our Pre-Assembly Events, including Community Sessions and the Quiz Bowl!

FOR YOUR CAREER

AAPM&R’s Virtual Job and Fellowship Fair
📅 Wednesday, November 10 from 2 pm-4 pm (CT)
Join us for AAPM&R’s Job and Fellowship Fair—the largest PM&R-specific career fair—now available virtually. Interact with representatives from institutions and practices across the country—all from your home or office—with our new, interactive virtual platform and get a jump start on your next career move.
*Also included for in-person registrants.

Career Corner
AAPM&R will host a virtual Career Corner throughout the meeting. Attendees will be able to schedule online appointments for CV reviews, receive career guidance from fellow members and learn about the Academy’s career development resources via our online platform.
*Also included for in-person registrants.

NETWORKING AND FUN

Virtual Networking Events
We’re bringing the fun online. Connect with your PM&R community during a variety of virtual networking events. Watch for more details coming soon.

Member Resource Center
Connect with Academy staff in the Member Resource Center and discover how you can help play a role in advancing the specialty. Learn about all AAPM&R initiatives (current and what’s coming soon), as well as resources and solutions for physiatrists looking to succeed in today’s post-pandemic environment.
*Also included for in-person registrants.

See page 25 for pricing and registration information. Visit aapmr.org/2021 for the most up-to-date information on the virtual Assembly experience. Have questions? Read our FAQs at aapmr.org/assembly-faq.

Continue Learning All Winter Long—Your Assembly “Encore”
All registrants—including virtual attendees—will have access to all recorded and on-demand Assembly sessions included with their registration, with the chance to earn more than 100 AMA PRA Category 1 Credits™!

CLINICAL AND PRACTICE SYMPOSIA
8:30 am-9:30 am (CT)
Efficacy of Early Rehabilitation of Post COVID-19 Survivors - Single Center Experience
Ning Cao, MD, FAAPMR, Thomas K. Watanabe, MD, FAAPMR

Past, Present, and Future of Pediatric Rehabilitation: Research Updates and State of the Field
Kevin P. Murphy, MD, FAAPMR

A Game of CLUE: Can You Deduce the Different Causes for the Same Presenting Back and Lower Extremity Symptoms?
PAIN AND SPINE
Patricia Z. Zheng, MD, FAAPMR

9:30 am-4:30 pm (CT)
PM&R PAVILION OPEN

10 am-10:45 am (CT)
Medical Cannabis Update 2021: What Do We Tell Our Patients & Our Colleagues? Live Q&A

10 am-11 am (CT)
Clinical Pearls: Practical Ways to Add Integrative & Lifestyle Medicine to Your Practice

11 am-11:30 am (CT)
BREAK

11 am-12:30 pm (CT)
LUNCH AND SPONSORED EDUCATION

12:30 pm-1:30 pm (CT)
Clinical Pearls: Practical Ways to Add Integrative & Lifestyle Medicine to Your Practice
Saloni Sharma, MD, FAAPMR

Envisioning a New Healthcare Delivery Model for Stroke: Improving Transition of Care and Overall Outcomes
Sara J. Cuccurullo, MD, FAAPMR, Talya K. Fleming, MD, FAAPMR

Long COVID Syndrome and Importance of Physiatry-led Recovery Programs
John M. Baratta, MD, MBA, FAAPMR

1:30 pm-1:45 pm (CT)
BREAK

1:45 pm-2:45 pm (CT)
Burnout, Moral Injury and Physician Suicide Prevention: Strategies for Wellness as a Group
Elaine L. Pico, MD, FAAP, FAAPMR

Youth Running Consensus Statement: Next Steps for Research and Advocacy
Brian J. Krabak, MD, MBA, FACSIM, FAAPMR

An Interprofessional Lifestyle Medicine Approach for Musculoskeletal Disorders: Why, How, and What Next?
PAIN AND SPINE
Abby L. Chang, MD, FAAPMR

2 pm-3 pm (CT)
ABPMR: Qi and You: Optimizing Your ABPMR CC Requirement to Add Value

2:30 pm-3:30 pm (CT)
Top Papers in Pediatric Rehabilitation: A Summary of the Most Impactful Articles
PEDIATRICS
Matthew M. McLaughlin, MD, MS, FAAPMR

5 pm-5:45 pm (CT)
QUIZ BOWL FINAL ROUND

6:30 pm-8 pm (CT)
PRESIDENT’S RECEPTION

S K I L L S  L A B S
REGISTRATION, MEMBER RESOURCE CENTER OPEN

LEARNING CENTER/RESEARCH HUB
103. Advanced Musculoskeletal Ultrasound of the Ankle/Foot
Prakash Jayabalan, MD, PhD, FAAPMR

1803. Advanced Musculoskeletal Ultrasound of the Ankle/Foot
(PAIN/SPORTS & ULTRASOUND)
Prakash Jayabalan, MD, PhD, FAAPMR

1804. Abdominopelvic Pain: Clinical Evaluation with Complementary Ultrasoundography and Intervention
(PAIN/SPORTS & ULTRASOUND)
Reina Nakamura, DO, FAAPMR

LEARNING CENTER
• Use of Osteopathic Manual Medicine in Low Back Pain
(MSK/SPORTS)
Kristin E. Caldera, DO, FAAPMR

• Ultrasound Guidance for Salivary Gland Botulinum Toxin Injections
(CNS)
Kristin E. Caldera, DO, FAAPMR

• ABPMR’s Registry Demonstrations: Clinical Dashboards and PRO Module
(PRACTICE)

RESEARCH SPOTLIGHT
1805. Ultrasound-Guided Extremity Nerve Blocks with Alcohol and Botulinum Toxin Injection in Head, Neck and Paraspinal Muscles for Spasticity Management
(PRACTICE)
Yuei Chen, MD, FAAPMR

1806. Best Evidence-Based Clinical Practices in Shoulder Pain: Combination of Physical Exam and Point of Care Ultrasound for Diagnosis and Treatment
(MSK/SPORTS & ULTRASOUND)
Nimah Mittal, MD, MBBS, FAAPMR

1807. Reimagining Our Future: The 2021 ACP Regenerative Medicine Summit
(PRACTICE)
Mark E. Huang, MD, FAAPMR

1808. A Game of CLUE: Can You Deduce the Different Causes for the Same Presenting Back and Lower Extremity Symptoms?
PAIN AND SPINE
Patrick Z. Zheng, MD, FAAPMR

1809. Best Evidence-Based Clinical Practices in Shoulder Pain: Combination of Physical Exam and Point of Care Ultrasound for Diagnosis and Treatment
(MSK/SPORTS & ULTRASOUND)
Nimah Mittal, MD, MBBS, FAAPMR

1810. Ultrasound-Guided Extremity Nerve Blocks with Alcohol and Botulinum Toxin Injection in Head, Neck and Paraspinal Muscles for Spasticity Management
(PRACTICE)
Yuei Chen, MD, FAAPMR

1811. Best Evidence-Based Clinical Practices in Shoulder Pain: Combination of Physical Exam and Point of Care Ultrasound for Diagnosis and Treatment
(MSK/SPORTS & ULTRASOUND)
Nimah Mittal, MD, MBBS, FAAPMR

1812. Beyond Diagnosis?
PAIN AND SPINE
Thru M. Annaswamy, MD, MA, FAAPMR

1813. Beyond Diagnosis?
PAIN AND SPINE
Thru M. Annaswamy, MD, MA, FAAPMR

1814. Abdominopelvic Pain: Clinical Evaluation with Complementary Ultrasoundography and Intervention
(PAIN/SPORTS & ULTRASOUND)
Reina Nakamura, DO, FAAPMR

1815. Ultrasound-Guided Extremity Nerve Blocks with Alcohol and Botulinum Toxin Injection in Head, Neck and Paraspinal Muscles for Spasticity Management
(PRACTICE)
Yuei Chen, MD, FAAPMR

1816. Best Evidence-Based Clinical Practices in Shoulder Pain: Combination of Physical Exam and Point of Care Ultrasound for Diagnosis and Treatment
(MSK/SPORTS & ULTRASOUND)
Nimah Mittal, MD, MBBS, FAAPMR

*All times are Central Standard Time (CST-6). Content subject to change. *Paid Ticket Required. *Live-Streamed Session.
Thank you to our physicians, trainees, and staff for their tremendous work during the pandemic. Despite the challenges of highly demanding patient care and dynamic situations at home, Penn PM&R is persevering.

Our Good Shepherd hospital partners and their clinical rehabilitation staff are demonstrating formidable determination. Together, we continue to meet our patient care missions through these trying times.

RESILIENCE… INNOVATION… GRIT…

Donor Appreciation Reception (by invitation only)
- Thursday, November 11: 7:30 pm (CT)
- Cumberland 1, Level 3, Omni Hotel
Once a year, the Foundation for PM&R has the opportunity to thank our donors for their support in a social setting. This year, the reception will feature this year’s Research Grant Award winners presenting brief summaries of their winning research proposals. Remote participation will also be available.

Rehab 5k Run/Walk & Roll and Residency Program Challenge
- Friday, November 12: 6:30 am
- Shelby Bottoms Greenway and Nature Center
Take advantage of the early-bird discount and join your colleagues for this early morning run to raise money for physiatric research! You can also enroll your residency program now in the competition for fastest runners, largest team and more. The option to participate virtually is also available. Contact Phyllis Anderson at panderson@foundationforpmr.org or call 847-737-6062.

Presentation of Foundation for PM&R Awards and Grants
- Saturday, November 13: 12:30 pm-1:30 pm (CT)
- Grand Ballroom, Convention Center
The Foundation for PM&R will be presenting $100,000 in research grant awards, including Richard S. Materson ERF New Investigator Research Grants, Gabriella E. Molnar-Swafford, MD, Pediatric PM&R Grant and the Scott F. Nadler PASSOR Musculoskeletal Research Grant. We will also announce the 2021 Gabriella E. Molnar-Swafford Pediatric PM&R Lifetime Achievement Award winner.

Presentation of Results from 2020 Nadler Research Grant Winner
Available on-demand
Kuntal Chowdhary, MD of the University of Pittsburgh Medical Center will present the results of her 2020 Scott Nadler PASSOR Research Grant study, “From Platelet Dust to Extracellular Vesicles: Mechanistic Study of Platelet-rich Plasma and Its Role in the Treatment of Osteoarthritis.”

#AAPMR21—SUNDAY, NOVEMBER 14—FULL SCHEDULE

#AAPMR21—FOUNDATION EVENTS
Three Ways to Register for #AAPMR21

Your Academy understands that travel plans may be up in the air at this time; therefore, please know that you will not incur any fees or penalties for canceling or changing your Annual Assembly registration at any time, for any reason. However, we encourage you to register early and take advantage of the discounted early-bird rates, which end on September 15!

- **Online.** [www.aapmr.org/2021](http://www.aapmr.org/2021)
- **Mail.** Download a copy of the registration form online and mail your completed form with payment by October 29, 2021 to the P.O. Box listed on the registration form.
- **Fax.** Download a copy of the registration form online and fax your completed copy to (847) 563-4191. Registrations with credit card payments can be faxed until November 5 at 4 pm (CT). After this date/time, all registrations must be completed online or in-person at the Assembly.

Your registration fee does not include Pre-Conference Courses, ticketed three-hour Skills Labs or the President’s Reception.

CANCELLATION POLICY

Now through November 5, AAPM&R will give a full refund for the Annual Assembly, for any reason. A full refund will be issued to any registrant upon request, without any fees or penalties, no matter when they registered for the Annual Assembly. When possible, cancellations with advance notice are appreciated. Read the complete policy at [AAPMR.org/2021](http://AAPMR.org/2021).

Transformative Care at Its Best

Our regional footprint offers 192 inpatient rehabilitation beds, 10 rehabilitation and musculoskeletal clinics, and 21 outpatient therapy sites. Here’s what to know:

- **Nation’s first rehabilitation hospital** to be an AHRQ designated Patient Safety Organization for EQUADRM

- **12 CARF-accredited programs**, including the world’s first CARF-accredited cancer rehabilitation program

- **Comprehensive, integrated rehabilitation services** offered at Atrium Health Carolinas Medical Center, ranked as a Best Regional Hospital by U.S. News & World Report

- **Robust academic medical center** with a PM&R Residency, Brain Injury and Cancer Rehabilitation Fellowships, and one of the region’s largest PM&R research programs

- **Next-generation academic health system** is being created by Atrium Health, Wake Forest Baptist Health combination
  - William Bockenek, MD, chief medical officer of Atrium Health Carolinas Rehabilitation, has been named the enterprise chair of the PM&R Academic Department
  - Walter Davis, MD, section chief, orthopaedic surgery at Wake Forest School of Medicine, has been named the north, central and western, NC, section chief of the PM&R Academic Department
AAPM&R gratefully acknowledges the companies listed below for their support in 2021 (as of May 5, 2021). This compliant support allows AAPM&R to carry out its mission of advancing the specialty and helps reduce the financial dependence on members and attendees. AAPM&R is especially grateful for their continued commitment to AAPM&R and the specialty throughout the pandemic. A complete list of supporters for 2021 will appear in the Official Program, distributed onsite at the Annual Assembly.

THE LEADER IN PROVIDING QUALITY REHABILITATION CARE

NAMED BEST REHAB FACILITY
- More than 40 years of providing quality rehabilitation to obtain optimal function and independence
- Comprehensive inpatient and outpatient services for both adults and pediatrics

SPECIALIZED SERVICES
- Amputation
- Brain injuries
- Cardiopulmonary disorders
- Neuromuscular disorders
- Pain and sports medicine
- Spinal cord injuries
- Stroke
- Trauma and orthopedics

ACCREDITATION COUNCIL FOR GRADUATE CONTINUING MEDICAL EDUCATION (ACGME) PROGRAMS INCLUDE:
- Physical Medicine & Rehabilitation Residency Program
- Pain Medicine Fellowship
- Brain Injury Medicine Fellowship

Join these organizations in 2022! Learn more at aapmr.org/support.
MossRehab doesn’t just practice rehabilitation medicine, we push the boundaries of what’s possible. As one of the few rehab hospitals with its own in-house research institute and designated as a Traumatic Brain Injury Model System of Care – recognizing MossRehab as a center of excellence in the research and clinical care of TBI – we create the roadmap that the rest of the field follows. That means our patients benefit from the latest advances and leading-edge ideas in brain injury rehabilitation. So if you or a loved one has sustained a brain injury, trust the rehab expertise that other hospitals look to for guidance.
