Corporate Support and Recognition

AAPM&R, INDUSTRY, AND YOU
AAPM&R believes that industry involvement at the Annual Assembly is a vital component of our mission. Industry serves as a valuable educational resource to attendees and provides important financial support to AAPM&R that enables our organization to achieve its goals and vision while limiting the financial burden on its members. It is important to recognize that nearly every tool, service, intervention or medication you use to take care of your patients and run your practices was developed and provided to you by industry. As the developers of new medical products and services, industry is in the unique position to provide us with cutting-edge information regarding new innovations in medicine. Since many physicians have limited interactions with industry outside of the Annual Assembly, attendees can learn about advances in medicine by spending time with our industry partners at the PM&R Pavilion. Think of it as an additional educational resource that extends your learning "beyond the classroom."

It is important to note that the AAPM&R Board of Governors (BOG) and AAPM&R Corporate Relations Committee (CRC) are committed to maintaining valued industry relationships without compromising the independence and credibility of AAPM&R activities and programs; we take compliance seriously. As such, the Academy, officers, faculty, and staff follow guidelines, policies, and processes that are based on, and usually surpass recommendations from, the Accreditation Council for Continuing Medical Education (ACCME), American Medical Association (AMA), and the Council of Medical Specialty Societies (CMSS). Companies are also required to follow local, state, and federal laws as well as policies set forth by other applicable governing bodies. AAPM&R, its officers, and staff do not endorse or promote any company or product involved in this year’s Annual Assembly. AAPM&R also publicly discloses corporate support received on www.aapmr.org on a quarterly basis to foster transparency. For more information about AAPM&R policies, which focus on relationships with industry, CME, disclosure, transparency, and compliance, please email info@aapmr.org.

For all educational grants, companies sign Letters of Agreement (LOAs) documenting strict compliance with all established guidelines and policies.
