ABOUT AAPM&R

AAPM&R – WHO WE ARE AND OUR FOCUS
The American Academy of Physical Medicine and Rehabilitation (AAPM&R) is the national medical specialty organization representing more than 9,000 physicians who are specialists in physical medicine and rehabilitation (PM&R), also known as physiatrists. As the leading medical association focused on advancing the practice of PM&R across all clinical areas and practice settings, AAPM&R provides resources for community building, ongoing education, advocacy and practice development. AAPM&R works to advance the physiatric approach to optimizing function, performance and rehabilitation outcomes with a clear focus on specialty advancement and the success of every member.

WHO ARE PM&R PHYSICIANS/PHYSIATRISTS*?
PM&R physicians are medical doctors who have completed training in the specialty of physical medicine and rehabilitation (PM&R), and may be subspecialty certified in Brain Injury Medicine, Hospice and Palliative Medicine, Neuromuscular Medicine, Pain Medicine, Pediatric Rehabilitation Medicine, Spinal Cord Injury Medicine, and/or Sports Medicine. PM&R physicians evaluate and treat injuries, illnesses and disability, and are experts in designing comprehensive, patient-centered treatment plans. Physiatrists utilize cutting-edge as well as time-tested treatments to maximize function and quality-of-life.

*Hint: They are not psychiatrists or podiatrists. We’re happy to share more!

AAPM&R ANNUAL ASSEMBLY – PHYSIATRY’S PREMIER EDUCATIONAL AND NETWORKING EVENT
Each year, AAPM&R brings the PM&R community together at its Annual Assembly to advance the specialty. As the premier physiatry-focused event, our members (and other attendees) connect, learn and expand their professional expertise. While AAPM&R is hosting a hybrid event to facilitate accessibility and more access, 80% of attendees are expected in-person.

#AAPMR24 will be jam-packed with the top-notch physiatric education, valuable networking opportunities and cutting-edge research that attendees have come to expect from the Academy. Assembly content will be accessible to learners for one year, with the ability to earn more than 100 AMA PRA Category 1 Credits™.

If you offer innovative products, services and solutions that meet the needs of PM&R physicians and their patients, then you belong at #AAPMR24!
