About the Early Career Course

- In 2026, the Early Career Virtual Program and Sponsorship is being reimaged. Based on attendee need and behavior, we have redesigned the Early Career Virtual Program for a rotation of topics every year. Plus, we'll add CV review at a separate date and round out the year with a panel discussion at the Annual Assembly. Sponsorships starting at \$2,500 with the ability to reach 100+ early career physiatrists.
- Audience: The intended audience for the Early Career Course is 100+ Physiatrists-in-training (in residency or in fellowship) and newly graduated physiatrists (1-3 years post-training). Engage with this important audience throughout the year. Become a sponsor today and consider engaging in a sponsor for three years!
