The Pediatric Rehabilitation Community is for all Physiatrists who care for children and adults with childhood-onset conditions. The Pediatric Rehabilitation Community Leadership helps lead and organize the community. The Leadership is focused on networking, sharing best practices, and representing the Pediatric Rehabilitation Community’s Voice. The Community Leaders are responsible for identifying the primary needs of the membership and for sharing that information with the greater AAPM&R Leadership. The Pediatric Community Leaders also are responsible for organizing the Pediatric Community Day through the AAPM&R Annual Assembly and to assist with the organization of the “Peds Day” unofficial pre-course. Throughout the year, Community leaders will coordinate their efforts with their executive liaisons and with the membership to strive toward achieving these goals. Thus, the Pediatric Rehabilitation Community Leadership has the following primary goals:

- Advance and share clinical knowledge to promote health, functioning and well-being of children with disabilities.
- Advocate for better payment structures
- Inclusion of pediatric physiatrists in all areas of AAPMR
- Serve as experts and advocates in pediatric rehabilitation issues and topics for AAPMR
- Grow the field of pediatric rehabilitation medicine
